About the Company:

Brompton holds a vision of transforming how people live and get around in cities. The Brompton is made for cities and made for you. It was conceived as a product that increases people's sense of independence and freedom, and this concept is still at the heart of everything we do. The Brompton is acknowledged worldwide as the finest bike of its type and this excellence, combined with resurgence in cycling for transport means we are enjoying strong company growth. If we are to continue to thrive we need to recruit great people who can further drive sales.

We are proud of our bikes and enjoy using them. We export 80% of our production to 44 countries around the globe and intend to produce over 47,000 bikes this year but believe that we're just getting started.

Brompton Bicycle manufactures in its new factory in West London a bike that is generally considered the best portable bike there is. The company is privately-owned, successful and profitable, and we have good relationships with our distributors and users.

If you have huge enthusiasm, thrive on being given responsibility and are excited about the opportunity to sell market leading products that make a difference to people's lives, we can offer you a job you will not find anywhere else.

The Role

Employed by Brompton Iberica S.L., this is a sales and marketing role in a region where further growth is required, and is a strategic focus for current and future investment – including the current success and roll out of Brompton Electric other exiting pipeline innovation, and the development of our flagship Brompton Junction retail format.

This role covers Spain and Portugal – markets where Brompton has operated directly with its retail network for two years, since parting with its long-term Distributor of 20+ years.

Reporting directly to the European Sales manager (based in London), the role carries a significant degree of autonomy. You will work in a small energetic team with direct inside sales support from the UK to achieve your goals. You will take full responsibility for the current Spain & Portugal Brompton retailer network (circa 40+ stores) and besides that you use everything within your ability to be entrepreneurial to create new business opportunities. As part of your role you are responsible for guiding events into the right direction together with the marketing department and sales manager.

Your principal remit shall be to grow bikes sales across the region, without traditional selling tools such as volume/bundle discounts or rebates to hand; and smash through preconceived attitudes towards the folding bike in Spain and Portugal.

Already sympathetic to Brompton Brand values, you will quickly grasp you are selling lifestyles, not just a bike. One of your greatest challenges will be to convey this to retail store staff around the region, individuals that are quite often a barrier to growth: ignorant to the joy and pleasure attached to owning a Brompton.

The Person

The role requires an entrepreneurial self-assured personality that is strongly results focused, well organised, self-motivated and resourceful. The person will be able to overcome problems and assist others who may require guidance. The successful candidate will be to achieve a culture dedicated to continuous improvement and assert authority in order to meet agreed timescales and deadlines and overcome any problems which may get in the way of their achievement.

The person occupying this role will be expected to support those within the team and build morale and encourage those to perform to the highest standards. The person in this role will be resource and create a network of contacts outside the organisation that can assist with our business needs.

The person must be able to work effectively and efficiently remotely: this is a home-based position requiring significant amount of travel (50% of the time). Therefore, the person must be proactive and energetic and get things done and be able to deal with a variety of tasks.

Brompton is looking for someone with 2-3 years of experience preferably within the bicycle industry (bike sales or parts and accessories) that has a clear understanding of the market developments, strategic competition, suppliers and retailers within. You have the talent to confront the rapidly changing marketplace; and identify correct routes to sustainable long-term success.

The successful candidate will be inspirational and have the drive to achieve results. They will be able to handle a high- pressured environment and able to meet deadlines provided. Communication and people skills are also important aspects of the job. The person fulfilling this role should be self-starting, competitive, imaginative, direct, influential, persuasive and self-confident. Independence. Mobility, activity, pace and authority are also important to this position.
